

## LSCS Classes and Equivalencies

### Fall, Spring, & Summer

1. This list includes courses that have been previously offered in the Fall, Spring, and Summer Sessions for LSCS Students.
2. **Not all of the UNC-CINECU classes listed will be offered each term.**
3. Almost all courses may be used to satisfy UNC Spanish major or minor requirements. Some courses may count for specific requirements in the major. Please see the course listings below to determine how courses will count. For Spanish minors: courses listed as counting toward the Spanish major may also count toward Spanish minor electives (courses 330 and above). Credit for the “allied course on the Hispanic World” requirement for Spanish minors must be reviewed individually.
4. Several courses fulfill specific General Education Approaches and Connections. By successfully participating in the Sevilla program students automatically receive the Experiential Education requirement (EE).
5. Many courses may be counted toward other majors and minors. Review the UNC Study Abroad Website to learn more about the Credit Request Process when seeking departmental approval.
6. Even though there are many classes approved for SPAN 398 credit, that credit may only be transferred once and can only be used to fulfill one specific Hispanic minor or major requirement. Classes approved for SPAN credit may only be transferred once for that credit and can only be used to fulfill one specific Hispanic minor or major requirement.

**Fall Course Equivalencies: Pages 2-3**

**Spring Course Equivalencies: Pages 4-5**

**Summer Course Equivalencies: Page 6**

# Fall LSCS Classes and Equivalencies

Not all of the UNC-CINECU classes listed below will be offered each term.
